We are a prominent manufacturer and supplier of PVC Pipe and Fittings, Flanges, Industrial Valves, Tool and Belts. Our range is well known for its features like durability dimensional accuracy, easy installation and corrosion resistance.

About Us

We "**Abhyudaya Trading Company**" were established in the year **2002**, as a leading manufacturer, supplier and wholesaler of a broad range of Pipes & Fittings for our customers. Our product assortment includes All Type Bearings, Industrial Fasteners and Industrial Belts. These products are manufactured by employing finest grade material in full compliance with the international guidelines under the guidance of our well trained workforce. To cater the diverse demands of our valued clients, we are offering these products in different specifications. Offered products are highly appreciated across the market for their reliable performance and longer service life.

To manufacture the offered products as per the set industry norms, we have developed a well-equipped and designed infrastructure facility at our premises. To build this infrastructure and execute our business related process, we have recruited a team of professionals. These professionals are selected through industry approved selection procedures. Further, for hassle free execution of all our business related tasks, we have parted our infrastructure facility into various operating units. To achieve our organizational goals and objectives, our professionals are working with full dedication and close coordination with each other. We are able to deliver all the offered products on time, as we have developed a wide distribution network.
